

79.6 ACRES, BROWN COUNTY, KS

For Sale

Here is a farm that has had excellent care with thousands of dollars spent in replacing all the waterways with tile outlet terrasses, and tiling of any wet spots. The fertility is excellent, and it has a high yield history. It farms rapidly by being able to plant with straight row planting. It is 95.9% tillable. The hedge row on the west boundary of the farm has been aggressively trimmed to allow for unobstructed farming. Here is a farm that is fully ready to go for 2027.
